COLOMBIA / 2 / 5
CROATIA / 2 / 2
CYPRUS / 1 / 1

This **left screen shot** is from the home page of ClinicalTrialMagnifier/go

The webpage includes an alphabetic list of countries having new sites listed during the past week.

For instance in Argentina there are 12 industry-sponsored trials with a total of 19 news sites listed.

A click on **Download** will taken you to a new webpage i.e ClinicalTrialMagnifier/trial

The **right screen shot** shows a part of this website.

You are at present reviewing the **Review Tips** posted here.

On the following pages of this presentation we will explore the Excels file **Gazetteer Sites : 2020-November-19**.

[Gazetteer Sites Newsletter](#)

The *Gazetteer Sites Newsletter* includes **ALL INDUSTRY-SPONSORED TRIALS** that have listed **NEW SITE(S)** for a **CERTAIN COUNTRY** and still being in the **REQRUITMENT STAGE**.

The list is sorted by Country and Area / Disease.

The list can be re-sorted.

Useful study design information

Study start 'January 5, 2020' but still recruiting
new sites? Subject recruitment problems?

Study Design

Study Type ⓘ : Interventional (Clinical Trial)

Estimated Enrollment ⓘ : 366 participants

Allocation: Randomized

Intervention Model: Parallel Assignment

Intervention Model Description: Participants randomized in a 1:1 allocation (AG-881 vs Placebo)

Masking: Quadruple (Participant, Care Provider, Investigator, Outcomes Assessor)

Primary Purpose: Treatment

Official Title: A Phase 3, Multicenter, Randomized, Double-blind, Placebo-Controlled Study

Actual Study Start Date ⓘ : January 5, 2020

Estimated Primary Completion Date ⓘ : October 2024

Estimated Study Completion Date ⓘ : April 2028

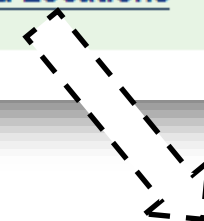

ClinicalTrials.gov Identifier: NCT04164901

Recruitment Status ⓘ : Recruiting

First Posted ⓘ : November 15, 2019

Last Update Posted ⓘ : November 10, 2020

An investigator can always contact one or several a study sites being listed and ask about the trial.

This can result in a collaboration on the trial, or maybe a referral to the Sponsor.

Thank you!
